PURPOSES AND OBJECTS.

"The purposes and objects of this Society are declared to be patriotic, historical, and educational, and shall include those intended or designed to perpetuate the memory of the men who, by their services or sacrifices during the war of the American Revolution, achieved the independence of the American people; to unite and promote fellowship among their descendants; to inspire them and the community at large with a more profound reverence for the principles of the Government founded by our forefathers; to encourage historical research in relation to the American Revolution; to acquire and preserve the records of the individual services of the patriots of the war, as well as documents, relics, and landmarks; to mark the scenes of the Revolution by appropriate memorials; to celebrate the anniversaries of the prominent events of the war and of the Revolutionary period; to foster true patriotism; to maintain and extend the institutions of American freedom, and to carry out the purposes expressed in the preamble of the Constitution of our country and the injunctions of Washington in his farewell address to the American people."

QUALIFICATIONS FOR MEMBERSHIP.

Any man shall be eligible to membership in the Society who, being of the age of twenty-one years or over, and a citizen of good repute in the community, is a lineal descendant of an ancestor who was at all times unfailing in his loyalty to, and rendered active service in, the cause of American Independence, either as an officer, soldier, seaman, marine, militiaman or minute man, in the armed forces of the Continental Congress, or of any one of the several Colonies or States, or as a signer of the Declaration of Independence, or as a member of a Committee of Safety or Correspondence, or as a member of any Continental, Provincial, or Colonial Congress or Legislature, or as a recognized patriot who performed actual service by overt acts of resistance to the authority of Great Britain.

REASONS FOR MEMBERSHIP.

It is a practical way of honoring a man's patriotic forefathers.

It preserves for future generations the family pedigrees of members back to the period of the Revolution. Membership in this Society *insures* the preservation of two sets of the records filed, one by the State Registrar, and one by the Registrar General at Washington.

The Society encourages continued public interest in the men and events of the American Revolution;

To the youth of the families of members it teaches important lessons of patriotism and good citizenship;

By celebrating the important events of the Revolution, it recalls to memory the objects of that struggle and the principles for which our forefathers fought;

It leads to the marking of battlefields, routes of march and historic sites, by monuments and tablets; and to the preservation of historic buildings from destruction;

It encourages, and contributes to, the work of preserving and arranging in form accessible to the public, the priceless documents, letters and other relics of Revolutionary times;

By a wide distribution of leaflets, printed in words that all can understand, it teaches the millions of aliens in the United States what the Nation stands for, what it means for them to become a part of the body politic, participating in the duties and responsibilities of active citizens in an intelligent manner;

It is non-sectarian, non-political, uniting in friendly relationship men of all creeds, men of the North, South, East, and West.

"The man who feels no sentiment of veneration for the memory of his forefathers; who has no natural regard for his ancestors, or his kindred, is himself unworthy of kindred regard, or remembrance."

—Daniel Webster.

HOW TO BECOME A MEMBER.

Trace your lineage back to the period of the Revolution through paternal and maternal lines and ascertain the names and residences of all male lineal ancestors of proper age for active participation in the struggle for Independence. This search may be guided by family papers and traditions, by published and original probate and land records of towns and counties, and by tombstone inscriptions. Search printed and manuscript records of military and naval service. Where two or more men of the same name are recorded from the same locality, identify as your own ancestor the one upon whom claim is based. Names of German, Dutch, or French origin may be disguised by translation into English or by various phonetic spellings.

Individual membership is through one of the State Societies. Every member of a State Society is *ipso facto* a member of the National Society.

Application for membership is made on standard blanks furnished by the Society. These blanks call for the place and date of birth and of death of the Revolutionary ancestor, and the year of birth, of marriage, and of death of ancestors in intervening generations. Membership is based on one original claim. When an applicant claims descent from more than one Revolutionary ancestor, additional claims are filled on supplemental papers. The application and supplementals are made in duplicate. One copy remains with the State Society, and one copy is permanently preserved in the Registrar General's office where a reference card index is kept of members' names and of their Revolutionary ancestors.

In referring to printed books the volume and page should be given.

Reference to authorities in manuscript must be accompanied by certified copies and authentic family records submitted, if required. Every application must be accompanied by \$5.00

(three dollars for membership fee and two dollars for annual dues for first year), and must be signed and sworn to by the applicant and endorsed by a member of the Society.

Application blanks may be obtained from the Secretary or the Registrar of the State Society, and when filled out should be forwarded to the Registrar, Mr. Frederick Bostwick, 144 Grove Street, New Haven, Conn.

A Certificate of Membership, steel engraved and engrossed, 18 x 24 inches in size, is furnished to all new members upon joining the Society.

On ceremonial occasions the insignia of the Society may be worn by any member. To secure the insignia it is necessary to procure a permit from the Secretary General through the State Secretary. Upon receiving the permit from the Secretary General the insignia can be obtained from J. E. Caldwell & Co., Philadelphia. Price, silver, gold plated, \$9.00.

Lapel buttons ("rosettes") may be worn at any time when the badge is not worn. Additional buttons may be obtained from the State Secretary for 25 cents each.

SOME ACHIEVEMENTS OF THE CONNECTICUT
SOCIETY
of the
SONS OF THE AMERICAN REVOLUTION.

This list, except for a few additions, is taken from one printed in the National Register of the Society of the Sons of the American Revolution for 1902, which was prepared for that publication by Jonathan Trumbull.

The Connecticut Society has preserved the following historic landmarks in the State:

1. The Lebanon War Office at Lebanon, Connecticut, in which were held the meetings of the Council of Safety during the Revolution. This Council was appointed by the General Assembly of Connecticut early in the war, with power to forward troops, munitions of war and supplies, together with other powers, making the Council a substitute for the General Assembly when that body was not in session.

The building was restored and repaired by the Connecticut Society in 1891, is owned by that Society, and is now used as a public library and depository of Revolutionary relics.

For further particulars see "The Lebanon War Office," published by the Society in 1892.

2. The Nathan Hale Schoolhouse at New London. This building in which Nathan Hale taught from May, 1774, to July, 1775, at which time he joined the Army, has been purchased by the Connecticut Society, with the assistance of the Daughters of the American Revolution. It has been restored to its original condition, and removed to public ground granted for the purpose. The building was dedicated, with appropriate ceremonies, on the 17th of June, 1901. It is now occupied as the headquarters of the Lucretia Shaw Chapter, D. A. R.

At Compo Beach in Westport, Connecticut, there was dedicated on June 17, 1910, a monument which represents "The

Minute Man," a life size statue of a Revolutionary Patriot. This memorial was erected by the Connecticut Society of the Sons of the American Revolution to commemorate the resistance to the landing on April 25, 1777, of the British troops under General Tryon for their march to Danbury.

The Society has contributed to the preservation of the Putnam Wolf Den at Pomfret, Connecticut, which has now been acquired by an organization for the purpose of preserving this landmark in commemoration of the youthful heroism of General Israel Putnam.

In 1906 the Society contributed to the fund which was being raised for "The Memorial Annex" to be added to the Groton Monument House, at Groton, Connecticut.

The Society has contributed to the fund which was raised for the "The Connecticut Bay" which has been erected in the "Memorial Church" at Valley Forge, Penn.

It has restored and preserved the memorials at Lebanon erected over the remains of Jonathan Trumbull, the Governor, and William Williams, the Signer.

It should not be forgotten in this connection that to The Connecticut Society The National Society gives the credit of inaugurating the movement which resulted in the establishment of Flag Day on June 14th.

Bronze tablets have been placed as follows:

June 29, 1894.—On the elm tree in front of the Wadsworth Atheneum in Hartford, commemorating the first visit of Washington in Connecticut. See Year Book, 1895-6, p. 47. This tablet, since the removal of the tree, has been in the rooms of the Connecticut Historical Society.

July 5, 1895.—At Beacon Hill, New Haven, commemorating the defence of New Haven at the time of Tryon's invasion, July 5, 1779. The proceedings at the ceremony, with addresses in full, are recorded in a book published by the David Humphreys Branch of the Society.

June 17, 1896.—In the Lebanon War Office, indicating the character of the building, and recording the names of some of the prominent men in the Revolution who have been within its walls. See Year Book, 1897-9, p. 51.

June 17, 1901.—In the Nathan Hale Schoolhouse at New London, commemorating the service and martyrdom of Nathan Hale, and indicating the character of the building.

June 6, 1904.—Upon the front of the Union League Club in New Haven in memory of Roger Sherman. The inscription on this tablet states that upon the site of this building stood the home of Roger Sherman, and near here in 1793 he died.

July 4, 1913.—The Col. Jeremiah Wadsworth Branch placed a bronze tablet on the Wadsworth Atheneum to mark the site of the home of Col. Jeremiah Wadsworth, Commissary General of the American Forces in the War for Independence and a trusted friend of George Washington and "Brother Jonathan Trumbull." Here in 1775 he entertained Washington on his way to assume command of the Continental Army at Cambridge. In the southwest chamber Washington met the French Commander Count Rochambeau and considered the plans which in October resulted in the fall of the British power in America.

June 27, 1914.—A bronze tablet was placed on the Hotel Taft in New Haven to mark the site of the old Beers Tavern where Washington remained over night on his way to Cambridge.

June 27, 1914.—A bronze tablet was placed at Westport marking the spot where the Farmers made a stand against the British during the famous raid on Danbury during the Revolutionary War.

October 18, 1919.—A Bronze Tablet was placed on the site of the John Bissell farm in Windsor, to mark the birth-place of Daniel Bissell, the Patriotic Spy of the American Revolution.

The Society has issued, upon carefully attested applications, 2,000 bronze grave markers, designating graves of Revolutionary Soldiers and Patriots in the State. These marks were designed by a member of the Society, and adopted for the purpose of marking graves of Revolutionary Patriots throughout the State.

The Society has, in several years, awarded prizes of \$100.00 each year, for excellence in original essays on subjects connected with the American Revolution, by pupils in schools throughout the State.

The publications of the Society have been
 Year Book for 1891, 214 pages, Octavo,
 Year Book for 1892, 274 pages, Octavo,
 Year Book for 1893-4, 450 pages, Octavo,

 Year Book for 1900, '01, '02, '03, 854 pages, Octavo,

The David Humphreys Branch of the Society has published
 "Songs of the Revolution," 1893. "Exercises at the Unveiling
 of the Beacon Hill Tablet," 1895, and "Revolutionary Characters
 in New Haven," 1911. The last named publication contains a
 large amount of historical information not heretofore published.

A pamphlet containing the addresses and describing the cere-
 monies connected with the unveiling of the Compo Beach
 Memorial was arranged and published by Henry C. Sherwood,
 of The Gen. Gold Selleck Silliman Branch of Bridgeport.
